-

PROJECTS

Smarco Apps

Sprout Digital Labs (www.sprout.co.id) • July 2022 - October 2022

- Develop eCommerce Smarco Apps used for selling products
- Code versioning tools using github
- Collected product data using Smarco API & Firebase Firestore
- Authentication used Firebase Auth Integration (Login/Register with email & Password)
- Jira (Project Management)
- added new features.
- And Bug fixing

Telkomsel DFE (Digital Food Ecosystem)

Salt Client Telkomsel (<https://feed.co.id>) • December 2021 - January 2022

- Build UIKit mobile Telkomsel DFE (Digital Food Ecosystem)
- Figma as a design tool (UI/UX)
- Trello (Project Management)
- Code versioning tools using git

Weather App

Personal Project • github.com/nobelleon/Flutter-Weather-App-with-Auth • July 2024 - Present

- Authentication used Firebase Auth Integration (Login/Register with email & Password)
- Logout Functionality

- Architecture used MVVM (Model-View-ViewModel)
- State Management used GetX
- Rest Api's used <https://www.visualcrossing.com/weather-api> to get data weather.

Vespa App

Personal Project • github.com/nobelleon/Vespa-App • February 2023 - Present

- Recommendation Vespa App
- State Management using : BloC Architecture, GetX Architecture
- Geolocator, Google map, Avatar Glow, Animation, Adding CallDemo,
- Tools IDE : Visual Studio Code, Emulator SM-A035F

Film App

Personal Project • github.com/nobelleon/Film_App • November 2021 - Present

- State Management using : BloC Architecture, GetX Architecture
- Get movies from TMDb JSON API
- TMDB for movies review
- RxDart
- Adding Call Demo
- Adding ChatGPT
- Adding Video Call Demo
- Tools IDE: Visual Studio Code, Emulator SM-A035F

Noxy Gold Store App

Personal Project • October 2021 – Present

- Recommendation Noxy Gold Store
- Provides a wide range of precious metal sizes and gold
- Adding Call Owner Demo
- Adding ChatGPT
- Adding Video Call Owner Demo
- Location (Google map)
- Movies review (entertainment)
- Tools IDE: Visual Studio Code, Emulator SM-A035F

EDUCATION

Bachelor of Information Engineering

Minor in Programming • Universitas Pembangunan Nasional (Veteran) Jakarta • Jakarta Selatan • 2009

CERTIFICATIONS

Flutter and Dart: Developing iOS, Android, and Mobile Apps (IBM)

Coursera • 2024

- Certified in standardized and evolving set of project management principles.

Getting Started with Flutter and Dart (Packt)

Coursera • 2025

- Certified in standardized and evolving set of project management principles.

Introduction to HTML, CSS, & JavaScript (IBM)

Coursera • 2025

- Certified in standardized and evolving set of project management principles.

Django Web Framework (Meta)

Coursera • 2025

- Certified in standardized and evolving set of project management principles.

Generative AI - Introduction and Applications (IBM)

Coursera • 2024

- Certified in standardized and evolving set of project management principles.

Introduction to Mobile App Development (IBM)

Coursera • 2024

- Certified in standardized and evolving set of project management principles.

Introduction to Software Engineering (IBM)

Coursera • 2024

- Certified in standardized and evolving set of project management principles.

Getting Started with Git and Github (IBM)

Coursera • 2023

- Certified in standardized and evolving set of project management principles.

Automate tasks and processes with Jira

Coursera • 2023

- Certified in standardized and evolving set of project management principles.

Working with Version Control (University of Leeds)

Coursera • 2023

- Certified in standardized and evolving set of project management principles.

The Complete 2021 Flutter Development Bootcamp with Dart

Udemy • 2022

- Certified in standardized and evolving set of project management principles.

Flutter Bloc Essential Course

Udemy • 2022

- Certified in standardized and evolving set of project management principles.

Flutter UI Bootcamp Build Beautiful Apps using Flutter

Udemy • 2022

- Certified in standardized and evolving set of project management principles.

COURSEWORK

The Complete 2021 Flutter Development Bootcamp with Dart

Udemy • 2022 • Flutter Development

- Coordinate on code with a small group of people.

SKILLS

Dart Programming, UIKit Development, Modify UIKit Mobile, Animation, Firebase, Laravel, MySQL Workbench, SQLite, Google Map, ChatGPT, GeminiGPT, REST API, Provider, GetX. Python, Django, HTML, CSS, Javascript.
